International Journal on Cybernetics & Informatics (IJCI)

ISSN: 2277 - 548X (Online); 2320 - 8430 (Print)

SCOPE OF THE JOURNAL

IJCI is an open access peer- reviewed journal that focuses on the areas related to cybernetics which is information, control and system theory, understands the design and function of any system and the relationship among these applications. This journal aims to provide a platform for exchanging ideas in new emerging trends that needs more focus and exposure and will attempt to publish proposals that strengthen our goals.

Topics of interest

- Advanced Control Systems & Strategies
- Robotics & Artificial Intelligence
- Complex adaptive System & Theory
- Hybrid systems
- Network Dynamics Systems
- Mechatronics
- Multimedia & Telecommunications
- Medical Cybernetics
- Synthetic Biology
- Biocybernetics
- Engineering Cybernetics
- Entrepreneurial, Management & Organization Cybernetics
- Operation Research
- Sociocybernetics
- Transportation Systems
- Power Systems
- Manufacturing Systems
- Neural Networks & Fuzzy System
- Image Signal Processing
- Computer Vision
- Soft Computing
- Genetic Algorithm
- Database & Information Retrieval
- Decision Support System
- Risk Management

Review Process

Submissions are accepted for review with the understanding that the same work has been neither submitted to, nor published in, another publication. Simultaneous submission to other publications will result in immediate rejection of the paper. Papers are not within the journal scope will be rejected immediately after the pre review process.

All manuscripts will be subject to a well established, fair, unbiased peer review and refereeing procedure, and are considered on the basis of their significance, novelty and usefulness to the Journals readership. The reviewing structure will always ensure the anonymity of the referees & it will be reviewed by 3 experts in the field. The review output will be one of the following decisions:

- 1. Accept
- 2. Accept with minor changes
- 3. Weak Accept with major changes
- 4. Reject

The review process may take approximately two ~three months to be completed. The Editor reserves the right to reject a paper if it does not meet the aims and scope of the journal, it is not revised well.

Special Issue Proposal

IJCI welcomes conferences to publish their proceedings / post conference proceedings

Special issue will be published for <u>CNC 2015</u> Conference proceedings Special issue will be published for <u>CCPE 2015</u> Conference proceedings
